Lead Score: 88/100

Reason: Clear, urgent need to automate onboarding with immediate timeline and budget already approved; Senior VP-level sponsor; quantified pain (slow handoffs) and near-term implementation window indicate high purchase intent.

Recommended Next Action: Schedule a short discovery call with Sarah Mitchell and relevant stakeholders within 24-48 hours to confirm scope, required automation features, integration points (CRM/ERP), and success criteria; provide a high-level project plan, ROI justification, and a relevant case study to move toward a formal proposal.

Assigned Queue: Senior Sales / Priority Queue

Please reach out as soon as possible — this lead shows strong buying intent.
